Activon Manuka Honey®

At our state-of-the-art manufacturing facility in the UK, the Advancis range of medical grade Manuka Honey antimicrobial products, offer the unique combination of a high quality performance product at a competitive price.

- In-vitro clinical trials have demonstrated that low concentrations of Advancis Manuka honey prevented biofilm formation in MSSA, MRSA and VRE, whilst still maintaining its antimicrobial properties
- Effective debridement capabilities for faster wound bed preparation
- Deodorises wounds, positively impacting on a patient’s quality of life
- Maintains a moist wound healing environment, facilitating faster healing of chronic wounds
- Extensive range of Advancis Manuka honey dressings, allowing the right dressing selection for each wound type
- Honey is non-cytotoxic and is a completely natural substance

Advancis Medical bring the benefits of 100% Manuka honey into a versatile suite of wound healing that enable you to choose the right dressing for every phase of wound healing.

Activon Manuka Honey®

In-vitro clinical trials have demonstrated that low concentrations of Advancis Manuka honey prevented biofilm formation in MSSA, MRSA and VRE, whilst still maintaining its antimicrobial properties.

Effective debridement capabilities for faster wound bed preparation
Deodorises wounds, positively impacting on a patient’s quality of life
Maintains a moist wound healing environment, facilitating faster healing of chronic wounds
Extensive range of Advancis Manuka honey dressings, allowing the right dressing selection for each wound type
Honey is non-cytotoxic and is a completely natural substance

Activon Manuka Honey®

The Activon® range contains all the well-known benefits of manuka honey as a broad spectrum antibacterial product, effective against most wound invading bacterial that are well known in today’s healthcare environment. These include Staphylococcus aureus, Pseudomonas aeruginosa, VRE and possibly the best known, MRSA - challenging the need for routine antibiotics to treat wound infection.

Activon® is a natural alternative to the more common wound therapies such as silver, with none of the perceived challenges that silver products face today, such as their cost-effectiveness, lack of efficacy and concerns around their safety and resistance.
